

VERTICAL DRAIN SUMP PUMP

Application areas:

* Chemical industry, general industry, water treatment, other industries etc.

Properties:

- * Simple design and easy use in vertical type
- * Only the body and propeller are mounted at the bottom.
- * Structure connected to the upper part motor through the column pipe

Pump materials:

- * Cast iron
- * Stainless steel
- * Special alloy (ALLOY-20, HASTELLOY)

Technical Specifications:

- * Pump capacity: ~ 600 m³ / hour
- * Delivery height: ~ 80m
- * Flange diameter: $\Phi 25 \sim \Phi 250$
- * Speed: C.W (Based on drive shaft to pump)
- * Shaft sealing system: Gasket, no-packing type (can be applied with M./seal and packing type)
- * Lubrication type: Application of compound angular ball bearing against thrust force
